

# *Dynamik Stallions have a dream team for 2012*

2011 has ended on a great note for the Dynamik Stallions Team. We had such amazing success with our two young stallions in Germany and they landed safely at their new home in Perth, Australia. We now have our team of four German Riding Pony stallions at home with us.

Golden Rock and Trussardi travelled very well on their huge journey from Germany and it was a huge relief when I saw the crate door open at Perth Airport and my two boy's heads looking out of the door. They had both lost some muscle condition and were very hairy as their bodies were preparing for the German winter, however since they have been clipped and had their new shoes put on they have been improving every day. Our new stallions have adapted very well to their new Aussie life and they love their time out in the paddock everyday alongside our stallions Don Philino and Top Der Da.

Trussardi has the most amazing character under saddle, he is such a cool man. He fears absolutely nothing and he has the mind of an old schoolmaster. He has been a dream to ride and is improving every week under saddle as he regains his strength and fitness. He has such amazing power, perfect natural rhythm and three excellent and correct paces. His awesome front end conformation makes it so easy for him to carry him himself in a great frame. I am really looking forward to taking our four year old out to compete at Preliminary and Novice Level Dressage this year. He is a true showman and loves people watching him perform and I am sure that he knows that he has two Bronze Bundeschampionate Medals to his name.

The baby of our stables is Golden Rock and I still cannot believe how lucky I am to own this boy. He has Barbie Pony looks and the most mind blowing movement. He has been an absolute delight to handle and ride and he has such an excellent work ethic under saddle. Despite the fact that he is also still rebuilding his strength and fitness, his paces give you the most amazing feeling under saddle and he has such a fantastic soft swing in the back. Of course I really look forward to Golden Rock being ready to start in his first Dressage Tests on Australian Soil.

To end the 2011 Season, Don Philino gained himself a second place at the FoSEC Dressage Challenge in Open Medium Dressage. We plan to compete him at Advanced/ Prix St George in 2012, he is doing super well in his training and his piaffe and passage are developing with great expression and he really enjoys these higher level movements.

Top Der Da finished off the 2011 Season with a Champion Title! He was invited as a top 10 finalist for the year to the FoSEC Dressage Challenge Finals in Open Preliminary Dressage. He became the Champion Preliminary Horse for 2011. Top Der Da also competed in his first Open Elementary Dressage Tests. At his first competition at the State Equestrian Centre Dressage Challenge and was placed second! He will continue to campaign at Elementary Level at the start of 2012 and will be training his Medium Level work.

Another great part of 2011 was that we purchased an amazing German Riding Pony Filly at the Pony Forum Online Sales in September. Coco De Luxe has really fantastic paces and a super uphill front end which contributes to the super looseness that she shows through her shoulder combined with great hock action. She was bred by Mr Schartmann and Mr Litmeyer of Beesten, Germany.

Her dam, State Premium Chansonette won the 2004 Jubiläums Show and has two licensed sons. One of the licensed sons was the reserve champion Weser Ems Stallion of 2010 that was owned by Dynamik Stallions, D'Artagnan .

Chansonette's sire Colano was a Champion at Elementary level dressage. Colano carries Oldenburg and Hanoverian warmblood lines in blood, including the Hanoverian sire Luciano who produced many talented jumpers and dressage horses. This blood is commonly seen in many performances horses in Australia and Europe and produces super rideable horses.

Her sire Champion De Luxe is a very important line in the development of successful German Riding ponies. He was the winner of the Neustadt Dosse 30 day stallion test with a final score of 8.86. He was the Bundeschampion of Dressage Ponies in 2001 and 2002 and he has been a champion in Dressage up to L level (Elementary). Champion De Luxe has many successful progeny in sport as well as numerous licensed sons.

Coco De Luxe has a fabulous temperament to combine with her super paces and we hope that she will be a successful mare in the future. She is staying in Germany to be campaigned by the professional pony rider Danica Duen.

For Dynamik Stallions our breeding season is still continuing through until March, so things are very busy here. I am very much looking forward to the year ahead with our Dream Team of stallions. We have four different types of stallions to offer however they all have top class paces, excellent GRP bloodlines, excellent temperaments and rideability.

I am excited that Don Philino will have his first crop of Australian foals under saddle this year. After seeing the success of his son Don Peppino at the 2011 Bundeschampionate, I think that there are going to be some awesome progeny here. His progeny have already had success in hand and it will be so great to see some riders enjoying them as much as I enjoy riding Don Philino.

I would like to thank our major sponsor HYGAIN feeds for their support in 2011, providing us with top quality feed and supplements to help our horses look and perform so well.

Also to our sponsors, JMC Equestrian for styling both myself and my stallions with top quality products and clothing from HKM, Animo Italia, Summary Fashion and Alexandra Ledermann.

I would like to wish everyone a very happy and successful New Year for 2012, filled with excellent competition results and amazing GRP foals.
